Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

HU GADARN.*

THE following wood-cut is the copy of a Bas Relief found under the Church of Notre Dame, in Paris, in the year 1711, and which was first published by Montfaucon, in his "L'Antiquité Expliquée," from whence it was copied, in the "Early History of the Cymry," by the Rev. Peter Roberts, who considers the Hesus of Gaul, and the Hu of the Cymry, to have been one person, and that the attitude, in which he is here represented, "denotes either clearing the ground or pruning, either of which is," according to the Triads, "suitable to the character of Hu Gadarn."

* The Editor is indebted to Mr. Cathrall, Author of the "History of North Wales," now coming out in numbers, for the use of this wood-cut, which has already appeared in his publication.
